

BY TELEGRAPH AND THE MAILS.

Mr. Kerton: During a short visit to your pleasant town on Wednesday, the 1st instant, I had the pleasure of attending the exhibition of the Senior Class at Wofford College. At an early hour the spacious chapel was pretty well filled, which proves that our people are not so lost to war and necessary motives as to entirely forget their educational interests.

After a warm prayer by that eloquent divine, Rev. Wightford Smith, and the band performing a grand march, the President introduced Mr. Brazier, of Georgia, on "The Past, the Present and the Future of Constitutional Liberty in North America." The speaker began by referring to that well known line of Bishop Berkeley—"Westward the star of empire takes its way."

Next followed Mr. McCanta, of Columbia, on "The Magnel." Mr. Hardy, of Anderson District, on "Great results from small beginnings in Science." And Mr. Johnston, of Beaufort District, on "The days of the Maiden Queen."

Next came Mr. Connor, of Orangeburg District, on "The Modern Man of Progress." His humor produced much applause and laughter. He spoke of the follies of his young hero, whose respect for himself was greater than that all the world had for him, whose ideas of pomp and splendor were of a high order.

Next came Mr. Yancy, of Clappan Hill, N. C., showed the amount of "Cotton" produced by our southern States; that no other country on the globe was so well adapted to its cultivation; that it is king and sits upon its throne of commerce, ruling the world.

Wofford College is a first class institution, located on a beautiful site in the mountain regions, surrounded with rich scenery, blessed with health and directed by a noble, experienced and learned Faculty. It deserves the patronage of our State and country.

For the Carolina Spartan. PACOLETT DEPOT, April 22, 1861. A large meeting of the citizens of beat company, No. 2, 2nd Battalion, 37th Regiment, S. C. M., and the surrounding country, assembled at Pacolet Depot to take into consideration the state of affairs of the country, its home defence, and the care of the needy and destitute families of those who are in the army serving in defence of the State, and to form a committee for the above purpose.

Resolved, That we, the citizens of the neighborhood of Pacolet Depot and of our beat company, hereby pledge ourselves to look to and assist the families of all persons that have volunteered and are in the service of our State, that need assistance, and furnish provisions for that same so that none suffer.

Resolved, That we pledge ourselves to assist our best endeavorers to keep good order in beat. In motion, Rev. M. C. Barnett was elected permanent President, Gen. B. F. Bates 1st Vice President, W. Webster 2d Vice President, and Wm. D. Tolson permanent Secretary.

Resolved, That we pledge ourselves to assist our best endeavorers to keep good order in beat. In motion, Rev. M. C. Barnett was elected permanent President, Gen. B. F. Bates 1st Vice President, W. Webster 2d Vice President, and Wm. D. Tolson permanent Secretary.

The Richmond Volunteer Rifle Company has returned from Charleston. The Saluda Guards, volunteers from South Carolina bound to Richmond, Virginia, under command of Captain M. M. Gibbs, passed through Charlotte on the North Carolina Railroad. They were hospitably entertained the short time they remained in Charlotte, by her citizens.

The Virginia State Convention has passed a Stay Law, and will probably take a recess in the course of a few days. The Maryland House of Delegates have passed, without division, a resolution declaring that the Legislature has no power to pass an ordinance of secession.

The annual meeting of the stockholders of the Greenville and Columbia Railroad Company, commenced its annual meeting in their hall in Columbia, on the 22d of May. The Richmond Riflemen in parading through the streets of Richmond, saluted the Dispatch office with present arms.

Lincoln's men at Cairo captured a steamboat with \$175,000 worth of arms and ammunition on board for Tennessee. The people of Tennessee are retreating by seizing every Cincinnati boat that passes up the river. Troops are still pouring into Washington from all quarters of the North and West, and rumors of an attack on Alexandria are rife.

The James River is blockaded, and communication with Norfolk cut off. The steamer Gloucester, for Norfolk, was compelled to return. The authorities of New Orleans have appropriated two hundred thousand dollars for the defence of the city.

Passengers who left Pensacola the second of May, report the troops generally in fine health and spirits. The Confederates at this time were rapidly progressing, and troops, arms and ammunition were daily received. The third and fourth Regiments, now quartered in Columbia, paraded in that city, on the 4th of May. General Garrison in command. The regiment numbered 1,100 men each.

Surgeon General Gibbs returned to Columbia on the 3d of May, and reports to the Charlestonian, that our troops at Richmond are satisfactory. There are about six thousand troops in Richmond, and more arriving daily. A large number has collected at Lynchburg, where the Tennessee companies were very high, and the city of Richmond is alive with preparation. The ladies are all making uniforms, and the Quartermaster's and Commissary's departments are busily employed.

Gov. Ellis will have 5,000 troops in Raleigh, ready for Virginia, in a few days. It is reported that the North Carolina Legislature will pass a secession ordinance on the 20th of May. New Orleans, May 3.—Colonel Van Dorn, in command of eight hundred Texans, has captured at Indianola one hundred United States soldiers, under command of Major Sibley, who surrendered. The officers are on parole.

General Beauregard has left Charleston for Montgomery, in obedience to a summons to that effect from President Davis. The nature of his mission has not transpired. Judge Lumpkin, of the Supreme Court of Georgia, has in service of the Confederate States at this time, four sons, two son-in-laws, two grandsons and six nephews. It is understood that Hon. John A. Dix will be one of the Major-Generals of the New York forces appointed by Gov. Morgan.

ANNAPOLIS, May 5.—The citizens are very much excited by a statement that Alexandria, Virginia will be occupied by Federal troops tomorrow, who will advance from Washington by the Long Bridge.

ANNAPOLIS, May 5.—The citizens are very much excited by a statement that Alexandria, Virginia will be occupied by Federal troops tomorrow, who will advance from Washington by the Long Bridge. The Northern papers urge an immediate attack on Harper's Ferry, Alexandria and Norfolk, before the people of Virginia have time to ratify the ordinance of secession.

The Maryland Legislature has appointed five secessionists on the committee superintending the arming of the State. Gen. Wool has been ordered from New York back to Troy by Gen. Scott, in a brief, sharp and snubbing letter. Wool is requested not to interfere with Scott's orders.

A bill establishing a secession committee of safety met such resistance in the Senate of Maryland, on Saturday, that it was only recommended. In New York, on Friday, a seizure of a million of boxes of percussion caps was made. These were destined for Charleston.

A voice from Connecticut. The Carolinian has been handed the following extract of a letter for publication. It is from a young man, assistant editor of a Bridgeport, Connecticut paper, and is a remarkable expression of sentiment coming from that quarter. Such voices are faint, few, and far between, therefore their virtue and patriotism are more worthy of note.

"BRIDGEPORT, April 20, 1861. We are all excited here now, and our people seem to have gone mad. The Black Republicans, whose work this trouble is, are now shouting for the Union and the stars and stripes, and crying out that the government must be sustained; in other words, the whole North must swallow the Chicago platform, and make the South swallow it too. It is a dose they won't make me swallow, neither will they, the rank and file of the Democracy of Fairfield county.

"Our office has been threatened with demolition, and I have been warned that I will be tarred and feathered unless I come out, and unless the paper comes out in support of the policy of President Lincoln. An association of Democrats is forming here to be called the Home Guard, and the first demonstration that is made against the 'Old Farmer,' will act as old Abe said—'repel force by force.' I am poor—I live only by the strictest economy—but before I will take up arms at the beck or call of a Black Republican President against my Southern brethren, I will not in prison ere I pay the fine for non-compliance."

From Washington. The Alexandria Gazette, of Saturday, has the following by special express from Washington: "At the commencement of the present trouble, Gen. Scott advised the Administration at Washington to invite Col. Lee, of Arlington, to assist him with his own soldiers—pronouncing him the first military man of the age, and declaring that his cooperation at that time with the Government would be of the highest importance. Every inducement was accordingly offered by the Government to persuade Colonel Lee to lend them the weight of his talents and military skill. But in vain. Neither official rank, nor promises of pecuniary emolument could move him. Gen. Scott went to Lincoln with tears in his eyes, and implored him not to issue his proclamation. Nearly every member of the Cabinet opposed it also. The President declares that he wrote it himself.

We are told by old Washingtonians, that at this time the press of Washington is as completely muzzled as that of Paris is by Louis Napoleon. They dare not publish anything reflecting upon the Lincoln Government, which is just assuming a shape of a military despotism. Outrages are committed by the soldiery, which never are seen in print. Private property is taken for the use of Government, citizens threatened by rabid Republicans with the direst vengeance, and others ordered to leave the city—no freeman dares now to express an opinion.

Disaffection to a considerable extent it is believed, exists among the citizen soldiery, and if a demonstration was made against them, a majority, it is confidently asserted, would throw down their arms and take position with the South. Numerous families, many of whom originally came from the North, are availing themselves of the open facilities of the Long Bridge, to go over into Virginia.

ANNAPOLIS, April 29.—Yesterday the Naval Academy here presented a more warlike appearance than ever—two steamers were constantly engaged in taking the troops from the Federal fleet lying in the harbor, and landing them on shore. Eight thousand men were landed, principally from New York and Rhode Island.

THE NEW YORK SEVENTH REGIMENT.—The following is from the Baltimore Sun, of Monday: One of the members of the New York 7th Regiment reached this city on Saturday afternoon en route for his home. He stated that when they offered their services to the Government, it was for the defence of the State, and not to engage in a warfare against a State or States. Fifty of the members refused to take the oath after reaching Washington, and the remainder took it conditionally that they were not to be called on to go out of the District of Columbia. The gentleman who came to this city, says that the feelings of the regiment towards the people of Baltimore are of the kindest character, and that they could not be induced to invade the soil of Maryland, or of the South, for a hostile purpose. Several of the members of the regiment are natives of Baltimore, and the respect of the whole body for Baltimore is very strong.

FROM PENNSYLVANIA.—The 80th Regiment stationed at Fort Pickens had deserted and were brought to the Navy Yard by one of the boats of Gen. Bragg. They report that the negroes who were recently stolen from the Tortugas are now on Santa Rosa at work—that there are about nine hundred men in the fort and on the island, besides sixty from ships—and that only six vessels of war are now of the harbor. General Bragg is progressing rapidly in his fortifications, and is nearly ready to "entertain" the forces at Pickens and in the fort "in a hostile manner." The troops of the Confederate Army are in good spirits, and are sanguine of success. But little sickness prevails, and the troops generally are in good health, sun burnt, and ready for the conflict.

BANK OF THE STATE OF SOUTH CAROLINA. THE Legislature having at its late session, authorized the issue of Bonds to the amount of \$275,000, bearing an interest of seven per cent., for the purpose of providing the funds required to sustain the State in the act of resuming her rights of Sovereignty, this Bank is now prepared to issue the Bonds. They are issued in sums of \$50, \$100 and \$500. An opportunity is thus afforded every citizen to make a secure and profitable investment, while contributing all to the cause in which the State is engaged. With the view of enabling citizens in any part of the State to share in the Loan, the clerks of the Courts of the several districts have been required to open books of subscription for the Stock. Suitable arrangements will be made for furnishing the Bonds on the receipt of the money, at an early day after each subscription has been made. Engagements for the purchase of Bonds may be made at the Bank, or at any of its Branches. It is probable that, at the next Session of the Legislature, those parties who desire it may have their Bonds converted into Stock. C. M. FURMAN, President. Charleston, February 12, 1861. 81-44

Dr. W. B. Padgett. HAVING located five miles South of Spartanburg, C. H., respectfully offers his professional services to all who may favor him with a call.
